

COVID-19

Free COVID-19 Mobile Testing Clinic

The mobile testing clinic is easy to use.

The mobile clinic will offer drive-thru testing. Prescreening is not required, and the cost is free to patients.

If you're under 18 years of age, please bring your parent or legal guardian with you. They'll need to give their consent before you can be tested.

You'll receive your test results quickly.

Residents will be contacted within 48-72 hours with the results of their test.

Visit scdhec.gov/COVID19 for more information.
